Substitute any of the below or consider an evening session or second day to include programs such as:

- The Power of Boldness: How To Get What You Want..... 1 hour
- Making The Most of Your 24/7..... 1 hour
- Planning and Conducting Service Projects and Fundraisers 1 hour
- There's Nothing To Fear, But Fear Itself* 3 hours

**Completion of this session results in Certified Workshop Presenter designation*

This agenda can be tailored to the needs of your campus, including a half-day format. The program can be conducted on campus in a conference center, an off-site retreat center, or a lecture hall environment with an outside area for some activities.

Coordinators and students are wild about COLT!

“You did a wonderful job! We had a meeting with the student governments from all four campuses and they raved about the job you did. They thought you packed the workshop with information, that you got everyone involved, and that you had them up and moving around so they didn’t just ‘sit there’ and listen to a lecture. One of the interesting things is that many of them thought the experience should have been longer! Thanks again for all your hard work! Everyone felt our program was a big success!” *Steve Brady, Manager/ Campus Life Office, St. Louis Community College at Meramec (MO)*

“I just wanted to thank you again for leading our conference this past weekend. I really felt that I learned valuable information to take back to my club to increase its size and productivity. But mostly I felt inspired again to be passionate about my club, its mission and getting others involved in the cause. Thank you for relaying your expertise and knowledge to our councils. I hope to learn more from you again at another conference in the future! Thank you!” *Kristen Huyett, St. Louis Community College (MO) at Meramec, Student Governance Council, President, Global Justice Project Club*
